Dear Directors,

As you are aware, the Food & Agriculture Organization (FAO) was founded on 16<sup>th</sup> October, 1945 and India is one of the founding members of FAO. We have been working very closely with FAO since 1948 when it started operating. The Foundation Day of FAO is celebrated every year on 16<sup>th</sup> of October as World Food Day. The year 2020 is being celebrated as 75<sup>th</sup> year of foundation of FAO. FAO programs in India are guided by the Govt. of India priorities and the United Nations Sustainable Development Goals. During past more than seven decades, FAO has made significant contributions in terms of technical, financial and training assistance in various areas of different sectors in general, and agriculture in particular. FAO's role in alleviating poverty, hunger and malnutrition is globally appreciated and its role in India in this area is also well recognized. In return, FAO is also benefited from India's vast experience and knowledge, which is shared globally.

The National Agricultural Research System under the leadership of Indian Council of Agricultural Research has made significant progress in the development of bio-fortified varieties which is the most sustainable way to alleviate malnutrition and till now, 54 varieties have been released and 17 more have been identified for release. On this occasion of World Food Day, Hon'ble Prime Minister Shri Narendra Modi Ji will be dedicating these 17 newly developed bio-fortified varieties of field and horticultural crops to the nation. Also, in order to mark the long standing relationship between India and FAO, a commemorative coin of Rs.75/- will also be released by the Hon'ble Prime Minister. It will be depicting the objectives of agricultural production and nutrition.

In this regard, you are requested to inform everyone in your institute to join this virtual program on 16<sup>th</sup> October, 2020 at 11AM. Please ensure the participation of all the staff and students/research fellows of your institute. The web link for registration is given below; registration should be completed one day before to avoid last moment rush.
