## Daily Report on Swachhta Pakhwada – Day 13 – 28.12.2019

Under swachh bharat mission (SBM), swachhta pakhwada programme was carried out at soda village on cleaning of sewerage and drainage systems by scientists, technical and contractual staff of farm section and TOT staff. Villagers were advised to restraint from throwing of plastic waste and other waste materials in to the drainage systems as it will lead into choking. The drainage channels were cleaned for choking and leakage. Water harvesting ponds were also cleaned and weeds were removed so that rain water flows into the water harvesting tank. Clean habits like importance of hand washing, use of toilets, and segregation of wastes into biogradable and non-bio degradable was also explained. After briefing about the importance of SBM, sanitation drive viz., removal of debris and cleaning of the village was undertaken and farmers participated eagerly in the cleaning campaign. During the swachhta sanitation drive, farmers, farm women and youth took swatchhta pledge.
